

Showing Recorded shows

-Get Video Projector Cart (PLUG IN PROPERLY TO BLACK PHONE, REMEMBER PLUG IN THE PORT THAT SAYS PC)

-click on Snap Stream Enterprise icon (TV icon)

-pick Maud

-type in username (which is located on the laptop example... mavideo2) there is no password

-click login

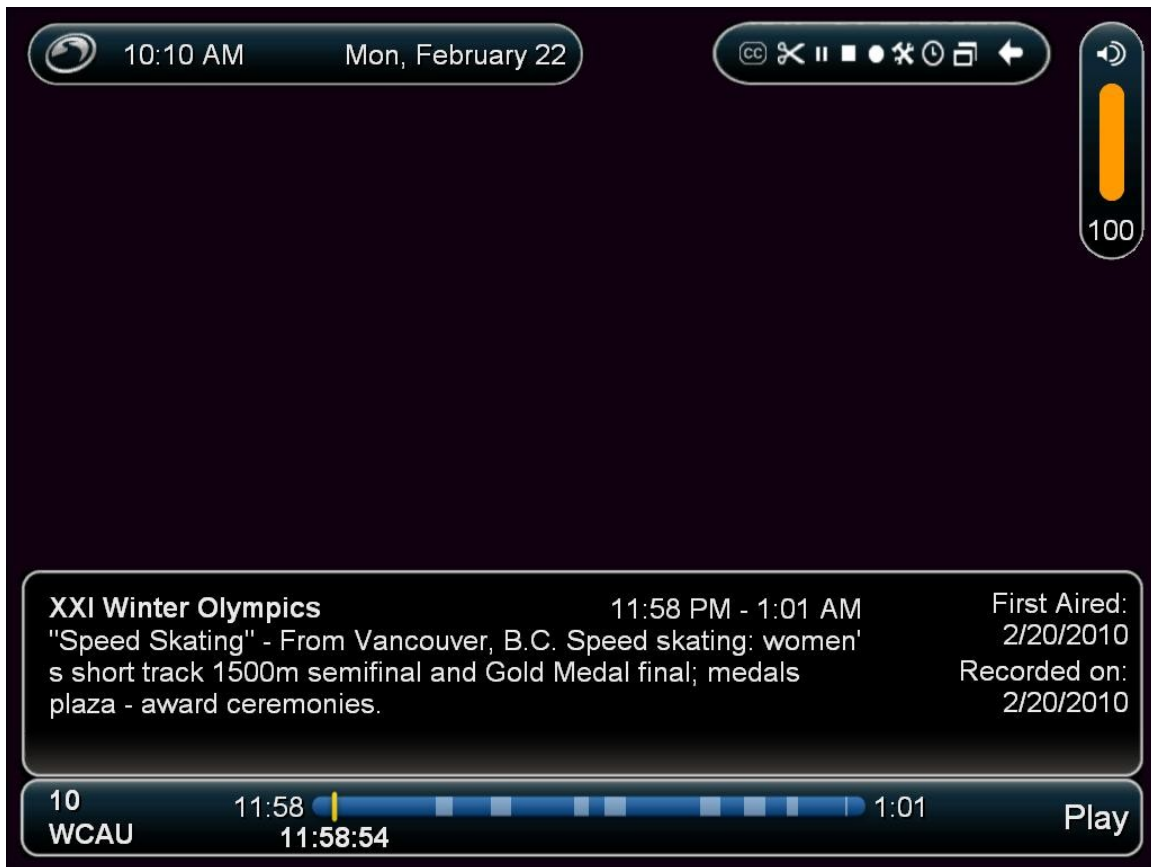

-go to Recorded Shows

-click OK to message that comes up

-scroll through recorded shows and pick show you want to play

-click on show

-click play

-on scroll bar on actual video you will see...the time, the channel, and also a light and dark blue. The light blues are commercials. You can take the mouse and fast forward past the commercials.

-also when you click on the video in the upper right hand corner it will show a strip with a picture of scissors, a pause button, a stop button and a clock(if you click on the clock it will take you to the program guide) to the right of the clock icon you will see a square if you click on that it will make it full screen!
